

## DISABILITY AND DIFFICULTY

*A few take birth  
Differently only to face troubles,  
Only to run a race against  
Will of their destiny  
For them life is not a bliss  
But a tough challenge  
And they have to swim  
Against the fast current  
Of a deadly river ever and ever.  
They are the martyrs of  
The natural happiness  
Which the mankind is  
Bestowed with in general.  
They are the ones  
Who are not given a way,  
But have to make their way.  
Their determination and  
Their pursuit is so honest  
And so strong that  
Even the negative will of  
The Society proves to be insignificant.  
Such super instances are Helen Keller  
And that of Prof. Hawking.  
There is no denial  
As disability and difficulty  
Are like hands and gloves,  
But ardent flame of aspiration and struggle  
Takes one to the highest success  
Where there is no  
Disability and no difficulty.*
